PRR -- Sesko 3-12.eml

Hi Janet,

She did. Attached is her response to Shannon regarding clarification. Thanks for your help. I will look through the responsive emails and let you look at them before I provide them to Shannon.

Did she ever clarify what she's looking for? None of these have anything to do with the abatement fund or where the money was spent, so I don't think they're responsive.

So you believe none are responsive, correct?

None of them refer to what happened to the money Ms. Sesko paid for the cleanup.

Hi Janet,

I have moved your emails into Responsive and Non Responsive folders. I have not reviewed them for attorney-client communication yet. I was trying to narrow down the ones responsive first. Attached are those emails I believe are non-responsive. Would you please take a look at the attached emails and let me know if you agree. If you find emails that are responsive please let me know which ones and I will move them into my responsive emails folder.

Thanks so much.
